

DARREN YONG

(650) 303-7475 • contact.darrenyong@gmail.com • www.yongdarren.com • [LinkedIn](#) • [Github](#)

SKILLS

React, Redux, JavaScript, Ruby on Rails, Ruby, HTML5, CSS, SQL, PostgreSQL, MongoDB, Express.js, Node.js, JIRA, Confluence, Trello, Lua

PROJECTS

Aprtr | (React/Redux, Rails 5 w/ PostgreSQL, ActiveStorage w/ AWS S3) [live](#) | [github](#)

- Delivered seamless single page photo upload and edit forms by modifying local state in respective component
- Implemented image storage and facilitated image retrieval by integrating Rails' Active Storage with AWS' S3
- Developed user profile pages showing corresponding photos by passing user info through React components
- Utilized Ruby on Rails paired with BCrypt and React.js to allow authorized users create, update, and view photos

Rocket Typer | (MongoDB, Express.js, React/Redux, Node.js, Rechart.js) [live](#) | [github](#)

- Granted users the ability to race others in typing by integrating WebSockets using the Socket.io library
- Assembled the backend to support user signup and login using MongoDB, Express.js, React and Node.js
- Improved user experience by developing smooth and responsive game forms through state manipulation

DotaPop | (Basic JavaScript, D3.js, Express.js, Node.js) [live](#) | [github](#)

- Designed dynamic data-visualizations with Javascript implemented algorithms based on user input
- Harnessed D3.js library to parse thousands of lines of data in order to deliver accurate and intuitive visuals

EXPERIENCE

Senior Game Content Manager

TinyCo, Inc.

December 2016 - December 2017

- Redesigned processes to increase efficiency in content implementation, saving days of work each week
- Corresponded with key partners through Trello to obtain approvals for ~30 assets/week integral to development
- Coordinated with QA and Community to assess issues and fixes, triaging where necessary to uphold cadence
- Served as the liaison and maintained constant communication with outsourcers to ensure deliverables were up to par and arrived promptly
- Oversaw and supervised two team members while delegating workload to meet weekly release quotas

Game Content Manager

TinyCo, Inc.

June 2016 - December 2016

- Assisted engineers & product managers in feature discussion and implementation to ensure our user base received engaging and bug-free content
- Implemented new content efficiently using Lua, JSON and G Suite while also improving upon current and future release plans
- Collaborated in weekly agile scrums with game designers, product managers, artists, and animators to deliver quality content to users
- Managed content release pipeline for two shipped titles on both iOS and Android

EDUCATION

App Academy - Rigorous 1000-hour software development course with <3% acceptance rate

University of California, Davis - Bachelors of Sciences, Economics
